# NNRDA STAFF / CONTENTS

**Pam Borda**  
Executive Director  
pam@nnrda.com

Welcome to the Northeastern region of Nevada where opportunities are limited only by the time it takes to pursue them. Whether looking to locate a business here or seeking employment with a local company, the NNRDA is here to help. This Relocation Tool Kit Guide provides you with information on the region, from our spectacular outdoor recreation to education, healthcare and business climate.

Northeastern Nevada is the center of operations for firms in Mining, Minerals and Manufacturing as well as Transportation, Logistics and Operations. As the largest producer of gold in the nation and fourth largest in the world, we are home to the largest gold mining companies in the world as well as most of the major mining support companies.

As Nevada's fastest growing area, we offer a great business climate with one of the most attractive tax structures in the nation, affordable housing and inexpensive land. Our local college provides extensive technical and professional training for your workforce needs and select baccalaureate degrees.

Please visit our website for additional details ([www.nnrda.com](http://www.nnrda.com)) and take a tour of the area via our online videos. NNRDA is here to help you and can provide a multitude of information and assistance with demographics, land and buildings, incentives, etc. Call us today 866.937.3556.

Warm regards,

Pam Borda  
Executive Director

# CARLIN

## Elko County

### OVERVIEW

Carlin was established December 4, 1886 during the Central Pacific Railroad's drive to the west. While it thrived as a railroad town for many years, gold mining started to grow in the 1960's and the area has become one of the biggest gold producers in the world. It has a population of 2,368, maintaining a small town atmosphere, while having shopping and entertainment opportunities only 20 minutes away. It sits at 4,950 feet and is located in the high desert.

### **RECREATION**

Carlin hosts a diverse set of events, from car shows to rodeos. Our town features our own Carlin City Park, a skate park, the Chinese Gardens Nature Study, the Carlin Equestrian Park, softball and baseball fields, and the Gold Rush MX Park.

We host many seasonal events throughout the year, including the Spook Walk, a haunted guided walk through the willows at the Chinese Gardens Nature Study.

There are Fourth of July gatherings at the Carlin City Park and a firework show. The town hosts a Christmas sugar plum village at the Senior Citizens Center and has a light parade around Christmas time.

The Fire Department hosts an Easter Egg hunt. The Senior Citizens Center has an annual Turkey Shoot and bingo. During the warm summer nights, there are weekly movie nights at the Carlin City Park and skate nights at the skate park. A slow pitch softball league takes the field during July and August, finishing the season with a 24-hour tournament. The equestrian park hosts at least two rodeos and a gymkhana event every year. Carlin Park and Recreation brings the Sho N' Shine car show to the city park every August. Not to mention the dirt roads that offer great opportunities to go on an all-day four-wheeling adventure, Motorcross and mug bog.

The Chinese Gardens offer a tranquil place to fish and walk through the willows. The Carlin Canyon offers something for rockhounds, history buffs, and people who just enjoy a walk in nature, once a major travel route for the Transcontinental

Railroad, the Victory Freeway, and the California Trail, all of these are left in the history. Now it is a quiet landmark off with Humboldt River running through and the unique geological formations sprouting from the canyon walls.

Through exhibits and programs, visitors experience the human history and natural history of the area. In addition, the museum houses a first class collection of western art and regularly rotating art shows. For research purposes, the archives holds 40,000 photographs, local newspapers from 1869 to the present, public records, manuscripts, and a 5,000 volume library.

The museum also serves as a community gathering space for private and public events. It features a 90-seat theater with three stages and a projection screen. Contact our events coordinator to reserve the venue or theatre room for your next event.

The museum store offers books, souvenirs, and craft items with an emphasis on made in Nevada products.

- Natural and regional history artifacts on exhibit in more than 40 custom cases.
- Nevada's largest collection of wild animals from around the world is on permanent exhibit in the Wanamaker Wing.
- 2nd largest Will James collection in the world.
- Rotating art galleries.
- Monthly featured local artist in the Museum Store.

# CITY OF ELKO

## Elko County

### Overview

When you discover Elko, Nevada, you quickly see why this truly is the "Great American West." A land of adventure, capable of stretching the limits of your adventure, meeting and/or convention to its fullest. The raw majesty of Elko County's Ruby Mountains and the rugged canyon streams will let you discover the unspoiled drama of the West.

The city of Elko sits at an elevation of 5,060 feet. This high desert community experiences four mild annual seasons. Fall is spectacular, heralding in warm days and cool evenings. Winter months bring average high temperatures between 37-43 degrees with lows averaging between 25-31 degrees. Spring months bring warmer temperatures accompanied by cool nights. During the warm summer months, the average high falls between 80-90 degrees,

Much of Elko County's precipitation comes in the form of snowfall. The annual average is less than 10 inches. The dry climate provides a moderate climate, making it an ideal year-round vacation spot to experience a variety of recreations and outdoor sports.

So, whether your next adventure is a short trip up Lamoille Canyon, fishing at South Fork or Wild Horse Reservoirs, an ATV or snowmobiling trip at Merritt Mountain or just enjoying the many activities that Elko County has to offer, you will discover why "The Adventure Starts Here!"

# ELY

## White Pine County

### Overview

The area that is now known as White Pine County was originally a part of the Utah Territory. In 1866, Nevada's eastern border was moved one degree eastward and the following year a gold strike at Treasure Hill on Mt. Hamilton created a large enough population base to warrant forming a new county. In 1869 White Pine County, Nevada was officially born. Eighteen years later in 1887, after a suspicious fire destroyed the town of Hamilton which was the original county seat, the Nevada Legislature designated Ely as the new county seat for White Pine County. The county seat designation spurred growth along the banks of Murry Creek and soon a Wells Fargo office, newspaper, saloons, schools, churches, and new homes joined the new courthouse. Ely along with McGill, Ruth, Lund, Baker, and Cherry Creek became bustling communities with numerous small family owned businesses catering to the needs of the settling families who came to farm, ranch, work the mines, and build the railroad.

## RECREATION

The Eureka Sentinel Museum is housed in the 1879 Eureka Sentinel Newspaper building. The museum has the original press room on the ground floor and on the 2nd floor, exhibits depicting life in the early days of Eureka. Located on Main Street is the 1880 Eureka Opera House and the 1879 Eureka Court House which are both in use today.

The town of Eureka, Nevada has an explosive 4th of July, sponsored by the Eureka Volunteer Fire Dept. with a parade, street games and fireworks, a roaring car show in May and a brilliant Christmas Tree Lighting in December. These and more events can be found at:

[www.nvos.state.nv.us](http://www.nvos.state.nv.us)

## UTILITIES

Water service for the town of Eureka is provided by the Eureka Town Water System. **Devil's Gate Water District** provides water service to some residential development in Diamond Valley.

Crescent Valley is served by the **Crescent Valley Water Department**. Residents not served by the county water system rely on individual wells and surface springs for water.

The Town of Eureka has a wastewater collection system with evaporation and percolation ponds. Sewage disposal in the Crescent Valley, including Beowawe and the Town of Crescent Valley, occurs through private septic systems.

## Big city cancer care... *without the big city.*

Cancer patients in northeastern Nevada can now spend less time traveling to and from treatments, and more time in the comfort of family and friends. Northeastern Nevada Radiation Oncology Center in Elko offers state-of-the-art radiation therapy, using equipment that is equivalent to, or better than, the treatments available in larger cities. If you or a loved one are facing a cancer diagnosis, we are here to help.

# LANDER COUNTY

Towns: Battle Mountain, Austin, Kingston

## Overview

Lander County has two areas of concentrated population; Battle Mountain and the Austin/Kingston area.

Battle Mountain is an active, family-oriented community on I-80 in Northern Nevada. It enjoys four distinct seasons that invite outdoor recreation. Hiking, fishing, hunting, camping and heading out on atv's in the local mountains are popular pastimes.

Mining, trucking, and farming provide stable employment, and the county is debt-free through careful planning. A newly renovated and expanded hospital with an awarding winning assisted care facility, recreation center with indoor pool, basketball and handball courts, nine-hole golf course and excellent schools are some of the reasons Battle Mountain maintains steady growth.

Home to Western Shoshone Native Americans, the region is rich in their history, and that of the Basque shepherders who settled in the 1800s after copper, gold, and silver were discovered. When the Central Pacific Railroad was built in 1868 with a siding for the Battle Mountain Mining District, the town of Battle Mountain was surveyed and soon thrived.

Nestled into the Toiyabe Mountain Range, Austin and Kingston are charming towns favored by history buffs and outdoor enthusiasts. At an elevation of 6,700', Austin has many structures dating back to the Silver rush of 1862. Its spot on Highway 50 in the center of the state makes a great location for a satellite office serving the mining and logistics industries. Kingston attracts many vacation-home buyers, and offers some of the best fishing and hiking in the state.

## Towns: Battle Mountain, Austin, Kingston

### Willow Creek Fishing Ponds

Go South on Highway 305 for approximately 12 miles. Turn right onto the Buffalo Valley/Copper Canyon road and travel approximately 8 miles on the Buffalo Valley road. Take a right at the Willow Creek turn off and continue about 6 miles until you reach the ponds.

Picnic area, Camping, Fishing, Restrooms

### RECREATION EVENTS

#### Austin Fly-In – Annual Event in August

Austin Airport Road, Austin, 89310

Austin Lions Club Fly-In starts with planes arriving on Friday with the events scheduled for. Each year approximately 50-60 planes show up from all over the country. The Lions Club serves BBQ Beef luncheon with all the fixings starting at 1pm, for a nominal fee. There are a number of events scheduled for the planes including some informal competition on short takeoff and landing events. For more information, contact Debra at 503.816.8810 of the Austin Lions Club

#### Battle Mountain Burners – Annual Event in August

Annual Show and Shine last Saturday in August  
Elquist park in Battle Mountain, Nevada 89820

[www.facebook.com/Battle-Mountain-Burners-1550838585202443/](http://www.facebook.com/Battle-Mountain-Burners-1550838585202443/)

#### Battle Mountain Historic Cookhouse Museum

#### Chukar Tournament – Annual Event in November

Northern Nevada is one of the last true frontiers for upland bird hunters and this tournament showcases the wonderful bird hunting opportunities.

[www.landercountytourism.com/chukar-tournament](http://www.landercountytourism.com/chukar-tournament)

#### Kingston Days – Annual Event in August

##### Kingston Village Park

Kingston comes alive during “Kingston Days!” This scenic town is nestled into Kingston Canyon, a beautiful section within the grandiose Toiyabe Mountains. Travel just south of Austin on Highway 50, along the Big Smoky Valley, and join in this annual celebration of “everything Kingston!”  
Austin Chamber of Commerce at 775.964.2200

Lander County has numerous craft & art shows, rodeos, car shows, heritage celebrations, and family festivals throughout the year. It offers the best of rural living without sacrificing modern conveniences.

#### Lincoln Highway Car Show – Annual Event in April

Main Street of Austin fills on both sides of Main Street with shaking muscle cars and vintage automobiles! The show is hosted by the Alviso Roadsters and is open to all vehicles including hot rods, customs, classics, and race cars. For more information, call The Greater Austin Chamber of Commerce at 775.964.2200 or Jerry Foreman at 408.203.3942.

#### World Human Powered Speed Challenge – Annual Event in September

During a week in September, cyclists from around the world gather on State Route 305 outside of Battle Mountain, Nevada in a quest to break the human-powered land speed record. This site is home to one of the straightest, flattest and smoothest roads in the world. The 4,619ft (1,408m) altitude course provides an acceleration zone of 5 miles leading to a 200-meter speed trap.

# WELLS

## Elko County

### Overview

Wells is a small city that originally was known for being at the headwaters of the Humboldt River. The settlers crossing the Wasatch Mountains would rest and refit at what was then known as Humboldt Wells. Later, as the railroad construction commenced, many ethnic groups such as the Chinese, Italians and Germans settled in the area and thus putting their footprint on the area. Now Wells is still a transportation crossroads with interstate 80 and US 93 crossing each other.

The elevation of Wells is 5,670 feet above sea level. It is described as "high dessert" with the East Humboldt Range directly to the South. Winters can see snow and subzero temperatures, while summer is commonly 80's and 90's. Wells is getting close to a population of 1,500.

# WEST WENDOVER

## Elko County

### Overview

West Wendover community has an extra-ordinary history of being the place where many firsts have occurred in our world. We were the sight of the connection of the first Intercontinental Telephone Line, the place where world land speed records are set exceeding 626 MPH (as fast as a commercial airliner cruising at 30,000 feet), as well as the location of the 509th Composite Group, which was formed to organize, develop and deploy the world's first atomic weapons used to bring World War II to an end.

The community of Wendover came into existence in 1906 as a railroad town, serving the steam engines of the Western Pacific Railroad, which is now part of the Union Pacific Railroad. The community boasted a population of around 150 people. Wendover included a train depot, water towers, a round house and other ancillary buildings needed for the operation of an emerging and growing railroad. Wendover became a main stop on this route, which provided service across the Great Basin deserts of Utah and Nevada connecting Salt Lake City to San Francisco. During the early 1900's Wendover was a cross roads for many significant undertaking including arsenic mining 25 miles south of Wendover mainly for the efforts of World War I and the connection of the first transcontinental telephone line connecting the U.S. from east coast to west coast.

The Wendover area saw its first boom in the 1930's and 40's with the introduction of legalized gambling in the State of Nevada. Mr. William "Bill" Smith founded a small cobblestone service station that provided a needed rest to weary travelers crossing the desert terrain of western Utah and eastern Nevada. Today this facility is known as the Wendover Nugget. It wasn't until December of 2001, when the former State Line Casino and Hotel came under new ownership, did this long-standing organization lose its place as the oldest continually operated gaming license for a casino in the State of Nevada; over 66 years.

As equally important to this new business spirit in the area was the role the United States Military played in building and operating Wendover Field. Construction on Wendover Field began in November of 1940. By 1943, Wendover Field had become the largest military reserve in the world with over 23,000 military personnel, a total of 668 buildings and encompassing over 3.5 million acres of property. This facility became the mainstay of the United States Military's training mission for bomber crews. All told Wendover field was home to 21 heavy bomber groups including the most notable; the 509th Composite Group commanded by Colonel Paul W. Tibbets, along with one of its divisions, the 1st Ordinance Detachment, which was responsible for the assembly and modification of the atomic aerial devices. The 1st Ordinance Detachment later became part of the Manhattan Engineers. The missions of the 509th were recorded in history as the atomic missions over Japan (Hiroshima on August 6, 1945 and Nagasaki on August 9, 1945). This was the first and to date; the only atomic bombardment exercised by one nation against another.

The area has also been home to one of the most time-tested man vs. elements matches. This would be the Bonneville Speedway, which lies on the salt desert left by Ancient Lake Bonneville. Here, world land speed records have been set for nearly a century and the salt floor of the speedway has been witness to thousands of individuals and their cars, whether stock or modified, internal combustion or rocket attempting to reach for speeds on land which no other human has. Most notable is the record set by Gary Gabelich and the "Blue Flame", in 1972, of over 626 miles per hour.

Through the 1970's and 80's Wendover began to emerge as a destination resort. Additional business arrived constructing more casinos, hotels and other service establishments as well as recreational

venues such as the Toana Vista Golf Course. As growth continued to spiral up, the citizens of Wendover, Nevada, then a township of Elko County, elected to incorporate under the provisions of Nevada Revised Statute 266 (General Law Cities). On July 1, 1991, the City of West Wendover, Nevada came into existence and since incorporation, West Wendover has been one of the many stable communities in Nevada with an average growth rate of between 2 and 5 percent.

West Wendover is a high desert environment and much like a great portion of Nevada lies within the bounds of the Great Basin of the western U.S.

Lowest temperatures are experienced in January averaging 19F with the highest temperatures in July averaging 93F. Average annual low is 42F and average annual high is 64F.

Unlike many parts of northwest Nevada, Wendover is quite dry with an average of 4.5 inches of precipitation annually. The average snow fall for the year is a meager 5.5 inches. West Wendover experiences more than 250 days of clear to partly cloudy skies annually.

With such great weather conditions, it is no wonder Wendover was chosen as the location for one of the largest military bases of WWII.

Elevation is: 4,462 feet

Local property tax is based on 35% of assessed value with a rate of 3.4446% for the City of West Wendover.

Example:

\$50,000 per acre market value (x) .35 = \$17,500 Assessed Value (x) .034446 = \$602.805 tax due

Local sales tax rate: Elko County Rate 6.85%.

The most recent estimate by the Nevada State Demographer places West Wendover's population at 4,470. West Wendover's sister city Wendover, Utah has a population of 1,400 and the community has a surrounding population of approximately 600. Thus for the West Wendover area there is a general population of nearly 6,500 persons.

The racial and ethnic makeup of the population in the 2010 Census was 61.7% Hispanic or Latino, 33.8% non-Hispanic white, 0.3% non-Hispanic black, 1.2% non-Hispanic Native American, 1.3% non-Hispanic Asians, 0.7% non-Hispanic Pacific Islanders, 0.2% non-Hispanics reporting some other race and 4.1% reporting two or more races.

# WINNEMUCCA

## Humboldt County

### Overview

Winnemucca is a great place to live and a great place to work. We're a community of about 17,000 located in north central Nevada, in the heart of the Great Basin.

The local economy is largely supported by:

- Gold Mining
- Manufacturing
- Ranching
- Farming
- Visitor Services

Of course, we are in Nevada, so gambling and gaming casinos are also important contributors to the local economy. Some of the world's largest gold mining companies operate both underground and large scale open pit mines in the area. These operations supply some of the best paying jobs in the state. [Search Winnemucca Jobs](#) Many of the gold mines, manufacturing firms, casinos, motels & hotels, and restaurants operate on a 24/7 schedule, so many businesses and services are available anytime day or night.

Winnemucca is surrounded by vast unpopulated stretches of lands owned by the United States of America and administered by the Bureau of Land Management. This provides an opportunity for nearly unlimited access for exploring, sightseeing, hunting, fishing, and many other recreational opportunities.

The region has a mild high desert climate, 225 days of sunshine per year, warm days in the summer moderated by the cool summer nights. A good swamp cooler is all you'll need during the day to stay cool, and in the evenings, you can just open up your windows and enjoy the cool breeze. Winters are easy, with an average of only 53 days per year that the temperature drops below freezing.

118 E Haskell St., Winnemucca, NV 89445

775.623.5222

Accepts Medicare and Medicaid.

Humboldt General Hospital's Walk-In Clinic is open five days a week. This team treats a wide variety of minor illnesses and injuries. No appointment is necessary and all patients are seen on a first-come, first-served basis, depending on the severity of the illness or injury.

#### Golden Valley Medical Center

515 W Haskell St., Winnemucca, NV 89445

775.625.4653

The Golden Valley Medical Center is funded by Newmont Mining and Barrick Gold for the exclusive use of their employees. They offer basic medical care including X-rays, immunizations, a pharmacy and other routine services, including wellness programs that are specifically designed to address mining lifestyle issues such as shift work and irregular work hours.

#### Assisted Living Facilities

Beehive Homes of Winnemucca
